Highlights of the Regular Regional Board Meeting – October 27, 2014

Regional GIS Services Memorandum

The Regional Board has approved renewing a Memorandum of Understanding for the provision of Geographic Information Systems (GIS) to three local governments. For the next five years, the Regional District will provide GIS mapping and data services to the District of Lake Country, District of Peachland, Westbank First Nation. The cost to each participating local government is much less than if they provided the service themselves and may be adjusted annually for inflation.

Marine Rescue Boat Moorage

The Regional Board has approved a request from the District of Peachland to provide a one-time capital cost allocation for permanent moorage of the Regional Rescue Boat that's based in the municipality. The \$25,000 contribution will assist with expansion of the Peachland Yacht Club that will include an easily accessible spot on the water for the new larger rescue vessel.

Gas Tax Community Works Funding Projects

The Regional Board has authorized a number of infrastructure projects for residents in the two Electoral Areas. A total of \$142,000 in Federal Gas Tax Funds allocated to Central Okanagan West will be spent on upgrades to the Westshore and Killiney Beach water systems. In Central Okanagan East, \$25,000 in Gas Tax - Community Works Funds will be used for equipment to reduce energy consumption for the Sunset Ranch water system. In addition, funds from each electoral area Gas Tax account will be used for a regional floodplain risk assessment and mapping project.

Regionally Significant Gas Tax Funding

The Regional Board has approved transferring previously authorized Regionally Significant Gas Tax Funding for unbudgeted improvements at the Queensway Transit Exchange. A surplus of \$259,000 will be transferred from the Orchard Park Mall transit exchange improvement project in order to construct a Security Pavilion, transit sales outlet and washroom facility at the Queensway exchange.
